Objects from Egypt's past

Reading

- 1 Read about objects in Ancient Egypt. Why did people draw squares on the floor?

Objects from the past can help us to understand what life was like many years ago. They can also show us that we use many of the same objects today!

In Ancient Egypt, many people used mirrors to help them paint around their eyes. This was not just to make them look good: the paint helped to protect their eyes from the sun and kept away insects. The mirrors were metal and had interesting designs. Where do you have mirrors in your home?

- 2 Read the text again and correct the mistakes in these sentences.

- 1 People used mirrors to help them paint their feet around their eyes.
- 2 The paint protected people from the wind.
- 3 People made pots with clay from the sea.
- 4 People mixed the ingredients in big pots.
- 5 Senet boxes have 13 squares.

The Ancient Egyptians used pots and bowls for making food such as bread. These objects were made of clay, which came from the River Nile. While some people were mixing ingredients for bread in bowls, other people used large stones to mix the ingredients in a bowl. How do we make bread today?

Ancient Egyptians liked playing games like senet. Senet boxes have 30 squares. This box is made of wood and is about 3,500 years old. Some people did not have senet boxes, but they still played the game. They drew the squares on the floor. What games are popular in Egypt today?

- 3 Read the text again and complete the table.

Object	What is it made of?	What was it for?	Do people use this today?

New Hello!

English for Preparatory Schools

Year Two

New Hello English for Preparatory Schools course has been developed by a team of experts, using modern methodology and approaches.

The main aim of the course is to equip students with the necessary language, thinking and study skills to communicate effectively in English. It guides students to gain the necessary experience and confidence to apply these skills both inside and outside the classroom and beyond school in their current and future lives.

- *New Hello English for Preparatory Schools* complies with the **Ministry of Education framework and standards documentation**.
- Interesting cross-curricular topics are presented through realistic situations.
- Each lesson integrates several of the four skills (**reading, writing, listening and speaking**), linked by a topic.
- New language is taught in context, so students develop **learning skills** which they can use throughout their lives.
- There is a focus on preparing students for the modern world as **future employees and citizens** so that they can deal effectively with the challenges of the modern world.
- **Life skills, Values and Issues** (such as communication, problem-solving and critical thinking skills, and an awareness of technology) are integrated throughout the course.
- **Audio** and **video** materials to accompany the course can be accessed on the Egyptian Knowledge Bank.
- All audio materials are recorded by native English speakers and provide excellent pronunciation models.
- The course maintains a distinct **Egyptian** focus, with an emphasis on Egypt's place within Africa and the wider world.
